Poacher 2026 - April Subcamp Newsletter

As mentioned in the first newsletter, **this newsletter is for any staff member** at Poacher. Whether you're camping on Oceania subcamp, Antarctica subcamp, or camping with your group as a staff member, everyone gets these emails. If you didn't get the first newsletter, please view it [here](#).

A hello from Oceania - The Subcamp Down-Under!

It's all coming together now - the team are taking on their roles, working hard to get our plans to slot into place, and are really starting to get into the "down under" mindset! We've been working on getting the infrastructure in place to ensure everything is smooth and sweet as for your arrival, and so we can focus on turning our little corner of Lincoln into our own Australian Outback.

Our subcamp theme is Oceania mate – so we're talking the beautiful islands, oceans and cultures of the Pacific, which clearly makes us the best subcamp there! We'll be getting our good vibes and inspo from beach games, tropical decorations and getting involved with nature and adventure, so we want to see your best tropical shirts, plenty of bucket hats and all the crocs and flip-flops we can manage.

Activities on Oceania

There will be various activities put on for you all to enjoy and chill out with, both throughout the day and during the evening so everyone will get the chance to enjoy. We're planning meetups and crafts and chill outs, even some themed events so there's something for everyone. More details will come out in due course so you can get yourself prepared for our week of adventure.

However there will be a food truck available for Friday 31 July dinner and Saturday 1 August breakfast to purchase food.

To understand the demand for these street food vans, please complete the survey below. Filling in the survey below is not a commitment - but it does just give us an idea of how much capacity we will need.
